Sounds good.

I will probably need to leave Corbin's meeting soon after it starts so thanks for sitting in! I think you will be able to contribute more than I would. I don't expect lack of UIC management presence to be an issue. If it does come up, just say that you are Acting for me for the rest of today(!).

FYI, OGWDW senior management is sending a very short version of our DB briefing document to the new administration's OW person, Mike Flynn, for his review, etc. Hard to say when we will get their concurrence, but it could be relatively soon which means we would proceed with re-setting our schedule. Any further need to make final edits to our NHPA (or other) documents? If not, hopefully we can get any remaining 508 compliance work done well in advance of public notice and finalize our outreach documents.

Subject: may I telecommute tomorrow?

Hi Douglas,

I need to resubmit a new data set after doing some additional QC on our database, but I keep finding new things I need to fix. May I telecommute tomorrow, too, so I can get this finished up?

Corbin has a call-in # for his meeting tomorrow afternoon, so I will be able to call into that meeting. Just FYI, we also have a call with NRC tomorrow morning. Lucita, Mike and Kim will be on the call with me. Thanks!
